Kätlin-Chris Kruusmaa

Estonia

Advisor, Government
Office of Estonia

I have coordinated anti-corruption policy at the Ministry of Justice for ten years. In addition to shaping the anti-corruption legal framework, my work has focused on increasing transparency in all areas of society.

I have represented Estonia in various international organisations, for example, I have been an Estonian delegate to both GRECO and the OECD working group on bribery. As an Estonian expert, I also negotiated the EU Anti-Corruption Directive, which I hope will be adopted soon.

Kätlin-Chris Kruusmaa

Even if life has temporarily taken me away from the anti-corruption field, promoting transparency remains close to my heart.
