Control

The control of the correctness and veracity of asset declarations falls within the administrative competence of the Central Anti-Corruption Bureau (CBA), which conducts a full and detailed inspection in accordance with the procedure and rules set out in Chapter 4 of the Act of 9 June 2006 on the Central Anti-Corruption Bureau (Journal of Laws of 2024, item 184). CBA officers carry out control activities in order to reveal cases of corruption in state institutions and local government, as well as abuses by persons performing public functions and activities detrimental to the economic interests of the state. It should, however, be noted that over eighteen years' experience of the Bureau in carrying out inspections to verify compliance with the provisions of the Anti-Corruption Act by persons performing public functions, including inspections of asset declarations, has revealed a number of imperfections in the statutory provisions.
