National Integrity Agency of Romania has confirmed participation in conference "Asset declarations – unification, digitisation, control"

The forthcoming conference entitled "Asset declarations – unification, digitisation, control" will provide the opportunity to establish new contacts and expand knowledge in the field of asset declarations. In this context, we are very pleased to host a representative of the National Integrity Agency of Romania – Mr. Florin-Ionel Moise. His lecture will concern the functioning of the asset declaration system in Romania.
