Cooperation with Ministry of Foreign Affairs

The Central Anti-Corruption Bureau, as part of its work on the draft bill concerning asset declaration statements, conducted a series of consultations with representatives of public offices and institutions. Among others, on January 21st, a meeting was held with representatives of the Ministry of Foreign Affairs, where a number of issues related to asset declarations under the current legal framework were discussed. One of the main points of the discussion was the difficulties in interpreting the provisions set forth in the Act of August 21, 1997, on limiting business activities by public officials (Journal of Laws of 2023, item

1090, as amended)
regarding so-called
“equivalent positions.”
Additionally, issues
related to the flaws in
the current regulations
were raised, with an
emphasis on the need to
change them by:
introducing instructions
for filling out the asset
declaration, establishing
a correction mechanism
for declarations,
providing a precise form
template, considering
modern ways of asset
placement, and
implementing effective
sanctions.
In conclusion,
representatives of both
institutions announced
the development of
optimal legal solutions,
which are necessary for
the successful reform of
Poland's asset
declaration system.
