Asset Recovery and Management Agency of Ukraine (ARMA)

Olena Duma - Head of the Ukrainian Assets Recovery and Management Agency (ARMA) took part in the International Conference entitled "Assets declarations - unification, digitization, control", during which she gave a lecture on "Cooperation of Ukrainian services in the field of assets declarations". The Head of ARMA also talked about the challenges she faced after taking up her post, the Agency's work and plans for the future.

Kyiv Diplomatic, in an article titled. "Pride in Ukraine" describes the key steps taken by the Assets Recovery and Management Agency,

paying particular attention to the need for legislative changes in the area of confiscation of criminal property and its transfer to Ukraine. They also stressed the importance of cooperation with international partners. The full article is available at the following website:
